

Philico is a dynamic consulting firm with an experienced management team focussing on the financial services industry. Our mission is to create value for our clients along the IT project live cycle by providing specialized services.

To strengthen our team in Switzerland we are looking for a

Junior Avaloq Consultant

Position

As a Junior Avaloq Consultant you will attend professional training on the Avaloq Banking Suite at the Avaloq academy. You will also receive on the job mentoring by our experienced consultants to increase your level of expertise and to ensure that you are comfortable engaging with clients. You will be assigned to a client project and will work hand in hand with an experienced team to deliver IT solutions for our clients.

Responsibilities

- Definition of technical and business specifications
- Parameterization of Avaloq Banking Suite modules
- End-user training

Qualifications

- University degree in finance, computer science, mathematics, programming or similar
- 1-2 years of experience in the financial sector and/or with the Avaloq Banking Suite is an asset
- Strong programming skills
- Written and spoken fluency in English and either French or German, ideally both

Personality

- Keen interest in banking and IT
- Strong problem solving skills and analytical thinking
- Delivery and results oriented
- Reliable, and efficient in working under pressure
- Excellent team player and communication skills
- Willing to travel frequently in Switzerland and abroad

As an exigent candidate you want to work in a stimulating and dynamic industry offering exposure to top-tier banks, challenging responsibilities and the opportunity to further develop your career?

Philico offers you the possibility of working in a steadily growing consulting company with strongly committed Partners willing to develop the potential of each employee by providing permanent coaching and education. We offer an excellent compensation package.

We would be pleased to receive your application, including letter of motivation, CV, certificates and marks at: info@philico.com
