

Philico is a dynamic consulting firm with an experienced management team focussing on the financial services industry. Our mission is to create value for our clients along the IT project live cycle by providing specialized services.

To strengthen our team in Switzerland we are looking for a

## Senior Avaloq Consultant

### Position

As a Senior Avaloq Consultant you will work closely with our clients to analyse, design and adapt the Avaloq Banking Suite. You will have delivery and project management tasks as well as internal responsibilities. As an experienced consultant, you will also contribute to our extensive coaching culture to enable our younger colleagues.

### Responsibilities

- Requirements analysis in close collaboration with the clients
- Definition of technical and business specifications
- Design and implementation of the Avaloq Banking System
- End-user workshops and training

### Qualifications

- University degree in finance, computer science, mathematics, programming or similar
- 3-6 years of experience in the financial services industry
- Avaloq certified professional
- Strong programming skills
- Written and spoken fluency in English and either French or German, ideally both

### Personality

- Keen interest in banking and IT
- Strong problem solving skills and analytical thinking
- Delivery and results oriented
- Reliable and efficient in working under pressure
- Excellent team player and communication skills
- Willing to travel frequently in Switzerland and abroad

As an exigent candidate you want to work in a stimulating and dynamic industry offering exposure to top-tier banks, challenging responsibilities and the opportunity to further develop your career?

Philico offers you the possibility of working in a steadily growing consulting company with strongly committed Partners willing to develop the potential of each employee by providing permanent coaching and education. We offer an excellent compensation package.

We would be pleased to receive your application, including letter of motivation, CV and certificates at: [info@philico.com](mailto:info@philico.com)
